Refer to page 89 for more info

50x10mm Intermediate post accessories

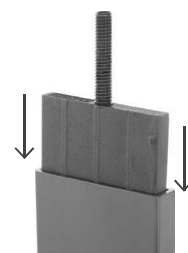

70x60 base plate

2x CSK holes
Base plate for welding
50x10mm tube
Code: BW-5010-BP-P

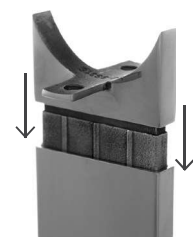

70x60 top plate

Innovative design – grub screw clamps to top of 50x10 post
No requirement to weld – easy post height adjustment
2x CSK holes
2x grub screws
Code: BW-5010-TP-P

Flat rail converter

Suits 50x10 post
TIP: Affix to top rail with M6 blind rivet nut & drop into post
Code: BW-5010-SRC

Round rail converter

Suits 50x10 post
Suits a 50.8mm round top rail
Affix to 50.8mm round top rail & drop into post
Code: BW-5010-RRC-P

Breeze wire

Fittings & accessories

Threaded terminal

Swage - Left & right hand available
M6x3.2mm (with locking nut)
Threads into M6 blind rivet nut or
threaded timber insert
SS316

Code: BW-TTM6-3.2-L (Left)
BW-TTM6-3.2-R (Right)

Rigging screw

Jaw swage
Use with eye screws or saddles
M5x3.2mm (with locking nut)
SS316

Code: BW-RSM5-3.2

Fork terminal

Swage
Use with eye screws or saddles
M5x3.2mm
SS316

Code: BW-FTM5-3.2

Lag screw terminal

Swage lag screw terminal
Left & right hand available
M6x3.2mm - For timber fixing
Screw directly into timber
SS316

Code: BW-M6LST-L (Left)
BW-M6LST-R (Right)

Eye screw

M6x10mm
Suits blind rivet nut, threaded tim-
ber insert or tapped post
SS316

Code: BW-M6X10-ES

Socket drive

Socket drive for screwing M6
lag eye screws into timber

Code: BW-M6SOCKET

Lag eye screw

M6x60mm - For timber fixing
SS316

Code: BW-M6X60-LS

Nylon grommet

Split nylon grommet
Available in black or grey
Drill hole size: 9mm
Use to separate wire from
aluminium or galvanised posts

Code: BW-SNG-B (Black)
BW-SNG-G (Grey)

5mm saddle

SS316
Code: BW-M5-SAD

Rigging screw tightener

Rigging screw tightening tool
Code: BW-RST-TOOL

Wire rope cutter

Code: BW-CUTTER
